WOMEN WILL ATTEND ADVISES AUDITING OF COUNTY BOOKS CONFERENCE TODAY

From State Clerk Tells Commissioners of Utah County Predecessors's Accounts Do Not Balance.

Special to The Tribune.
PROVO, Feb. 4.—At a meeting of the county commissioners of Utah county yesterday A. V. Robinson, the county clerk, presented a report on his examination of the county books. He stated that he had discovered a number of discrepancies in the balances made by his predecessors in office. He said that indications pointed to the conclusion that the auditing for some time had been done with the treasurer's books as a guide. It is possible to go over the books and find out the error, but it is not a pleasant task, and he pointed to the date upon which Robinson went into office.

Robinson, in his communication to the commissioners, stated that he had requested the former county clerk, M. E. Karchner, Jr., to post all accounts to January 1, 1912, but that the request had met with no answer. The commissioners instructed Robinson to send an official request from the board to former clerk Karchner, asking him to post all accounts to January 1. In the event that the former official does not comply, it is probable that the books will be audited by experts.

In his report Robinson states that the books show that Karchner drew \$9.27 more salary than was due him; that other officers drew a total of \$23.14 more than they should have received. He said that the receipts for bills against the state contained many unverified accounts and he expressed a belief that many of the bills were paid twice. He gives examples of vouchers which led him to this conclusion.

SUPERINTENDENT MAY LEAVE.
Pocatello, Feb. 4.—Professor Walter P. Siders, superintendent of the city schools and one of the best educators in the state, has been offered a position at Fargo, N. D., and he has accepted the position. Mr. Siders has gone to Fargo to look over the proposition and will return here in a few days. He is the joint author of the Idaho school law and is a member of the national education association.

Manti Pioneer Buried.
MANTI, Feb. 4.—Jens F. Steck, one of the early settlers, died at his home Saturday morning from a complication of diseases. Mr. Steck had been ill for a couple of years. Funeral services were held at the home of his daughter, Mrs. Steck, who was born in Denmark, June 28, 1833. He served in the Danish army under Frederick VII. He was married in 1851, crossing the plains in an ox-drawn wagon. Mr. Steck took an active part in the Black Hawk war. He died in 1884, leaving ten children. Mr. Steck married again in 1894 to Jane Reid, who is still living.

Club Show Announced.
SALT LAKE, Feb. 4.—The city's Commercial club show will be "A. Batchelor's Homecoming." The club members have been busy for some time making arrangements for the show, which will begin Monday at 8 o'clock. It is the intention to present the play soon after the first of March, and it will mark the opening of the club's new playhouse, the Alta, now in course of construction. Among the stars who will appear in the cast are J. E. Baird, Rudolph Kaiser and Frank Bowring.

YOU'RE DILIGENT! YOUR LIVER AND BOWELS ARE INACTIVE -- "CASCARETS"

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and constipated bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a still barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret at night will surely straighten you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular and make you feel cheerful and bully for months.

Don't forget your children—their little insides need a good, gentle, cleansing, too, occasionally.

DRINKS POISON IN ABSENCE OF JAILER
Pocatello Prisoner May Die From Effects of Drug Mysteriously Secured.

Special to The Tribune.
POCATELLO, Feb. 4.—While the night jailer, Robert Lewis, was attending a moving picture show tonight and all of the other inmates of the Pocatello jail were absent, Nick Quill, a prisoner in the county jail, took poison and is believed to be dying. How Quill got the poison and what it was is a mystery, but the theory is that some friend who visited him during the day delivered it to him. He was being held on a minor charge.

The first indication of the attempted suicide which came to the police was through the cries of the other prisoners for help. They learned what Quill had done and doubted through the bars into the courtyard yard. Jailer Lewis, who was located and hurried physicians to the jail. Although they worked over the man for several hours, they expressed doubt as to his recovery.

NEW LAW FAVORED BY GOVERNOR WILSON
By International News Service.
TRENTON, N. J., Feb. 4.—Governor Wilson announced tonight that he has drafted for introduction in the New Jersey legislature a bill fashioned after the law now in operation in Wisconsin, amending the primary election law so that the second choice of voters shall figure in the selection of candidates. The bill proposes that every man who votes for a candidate shall also name his second choice. If a majority is not obtained by any candidate, the second choice shall be figured in and a majority obtained. In this way, at present the New Jersey primary election law requires only a plurality to nominate.

"When the second choice is counted in," said the governor, "it will be found that candidates will be eliminated one by one by that process a majority is produced."

The bill, it is understood, will be ready for introduction within a few days. Senator La Follette is responsible for the idea.

PROBING MATTER OF SOLICITING FUNDS
WASHINGTON, Feb. 4.—Federal officials and employees who have been solicited to contribute to national campaigns are being summoned as witnesses by the senate campaign expenditures committee when it opens its investigation into the campaign expenses of the general election of 1912. Subpoenas will be issued for several United States marshals and federal employees who have either collected or contributed to these funds, and an effort will be made to determine the extent to which assessments have been made on federal officials.

The campaign investigating committee will conduct several days of hearings to the senate on the final report on its investigations. It is expected that legal restrictions will be urged upon solicitation of campaign funds from federal employees by the government. The committee has not yet arranged the date for the opening of the investigation into 1912 expenditures.

DONATED DIME IS CAUSE OF DISTRESS

University Educator Becomes Direct Target for Army of Youthful Snowballers.

When Prof. L. E. Young of the history department of the university ran a small box down Monday afternoon for hitting him in the ear with a snowball and then gave the youngster a dime for "fessing" up, he did not realize that he was setting a dangerous precedent for himself. In speaking about the matter, the professor said:

As I was leaving the campus I saw two small boys with mischievous smiles molding some icy looking snow into hard little balls. I was a little suspicious of them as I passed, but thought that they probably knew me to be an instructor, and depended upon a rod past them I got a stinging blow on the ear which sent my hat sailing into the slush.

I dropped my books and looked around to see the boys running towards the training school at full speed. I started in pursuit and soon overtook the slower of the two. At last with a "snowball" I asked, "No," he said, "it was that fellow up there."

"No, it was not," came the answer from up the hill. "Are you right sure you didn't throw it?" I repeated to the little fellow. At last with a "snowball" I asked, "No," he said, "it was that fellow up there."

REPUBLICANS MAY ABANDON CONTEST
WASHINGTON, Feb. 4.—After another ineffectual effort today to force action on President Taft's nomination, pending in the senate, the Republicans decided to make no further move for the present. It is probable they will caucus before beginning their fight again. Some Republicans predicted that any action by caucus would be negative.

"It has been demonstrated that the Democrats block all confirmation," said Senator Gallinger, discussing the situation. "And many of us consider it a pure waste of time to make further attempts at confirmation. We are able to decide to do nothing more."

Society Women Help.
BOSTON, Feb. 4.—Several society women today joined hundreds of strikers in picketing the forty shops affected by the walkout of 500 garment workers to enforce demands for an increase in wages and better working conditions. The women pickets were warned by the strike leaders not to resort to violence.

Strife Is Still On.
NEW YORK, Feb. 4.—The steamship Canada of the Fabre line sailed for New York today with a staff of officers from the port of St. Malo. The strike still continues and efforts are made by the officers who deserted their ships to induce their comrades arriving in port on other vessels to join in the movement. The cause of the strike is stated to have been the failure of the company to grant improved conditions and pay for the officers.

Three Killed; Six Hurt.
DETROIT, Mich., Feb. 4.—Three men were killed and six seriously injured today when a ten-ton water gate dropped into the Detroit river. The men were working on the gate when it suddenly broke.
